

# BPA Energy Efficiency Weekly Announcement, June 2, 2016

## Events

### **Low-Income Energy Efficiency Workgroup Meeting -**

Join us on June 15 from 12:30 – 3:30 at Tacoma Power. (Note: this space has seating limited to 25) BPA invites its public power customers and regional stakeholders to participate in the Low Income Energy Efficiency workgroup both in person and via phone/web. BPA is convening this workgroup as agreed to as part of the Post-2011 Review public process...[More](#)

---

### **Brown Bag: Commercial Sector Program Design -**

Join us on June 22 from 12:00 p.m. - 1:00 p.m. Over the past 12 months, BPA has been working with utility customers, regional stakeholders, and industry partners to assess utility needs and develop our next generation commercial sector energy efficiency program offering. In this brown bag, we evolve from program concept to an operational program design. We will provide a summary of the proposed program design, including timing and scope, implementation delivery methods, costs, and energy savings delivered...[More](#)

---

## Reminders

### **Commercial Program Design Request for Public Comment -**

Over the past 12 months, BPA has been working with utility customers, regional stakeholders, and industry partners to assess utility needs and develop our next generation commercial sector energy efficiency program offering. We have finalized a proposal for this program and utilities and stakeholders are invited to provide feedback on the proposed Commercial Sector Program Design. BPA will consider all comments as part of our final program design. More detail can be found on [BPA's Public Comment Website](#).
